26.	1015	Some of the cache sites has already been explored by D Co.		JS	JM
27.	1030	Bn NCS/Bde NCS: Request pink team for FSB Shuffy to work area 360 degrees around FSB from first light to last light.		JS	DB
28.	1055	Bn NCS/Bde NCS: Reference explosion 282010 May at A Co night location vicinity grid YU 157452. Investigation by Company Commander resulted in the following information: After the decision was made not to rappel engineers into the cache site the 3rd platoon moved approximately 90 meters to the south to search an NDP. The first platoon placed out automatic ambushes about 40 meters from and around the cache site. The 2nd platoon, Company CP and 1st platoon then moved out in that order to link up with the 3rd platoon. After that was accomplished each platoon began placing out trip flares and claymores in front of their positions. Those personnel from the 2nd platoon moving north from their position to place trip flares apparently walked into one of the automatic ambushes which had been set up around the cache area by the 1st platoon. It appears that the elements moving after dark misjudged the
